Music Therapy New Zealand (MThNZ)

MThNZ supports the development and promotion of music therapy with the aim of making music therapy services available to all people who are likely to benefit from it.

Who can benefit from music therapy?

Music therapy is effective with people of all ages and abilities, from newborn babies, through childhood and adolescence, to adulthood and the end of life. People who have physical, social or emotional difficulties can benefit from music therapy.

Want to learn more?

Perhaps you are a parent, teacher or healthcare professional seeking help for someone in your care, or simply an interested member of the public. Come and attend the MThNZ music therapy workshop, where you can learn about how music therapy may be able to help you or someone you know.

This workshop is free to MThNZ members. For non-members the cost is \$40, which will give you a Friend membership to MThNZ for one year. Lunch is available at an additional cost of \$15pp.

If you would like to attend please complete and return the registration form below, or visit www.musictherapy.org.nz.
